

AUSTRALIAN THEATRE OF THE DEAF

# 2009 HIGH SCHOOL PROGRAM

Australian Theatre of the Deaf are excited to be presenting two very different shows for primary school students.

## FACE VALUE

**FACE VALUE** shows the repercussions of stereotyping and judging people. It aims to highlight the importance of recognising, acknowledging and respecting the variety of customs, cultures and individuals in our world.

A series of stories are delivered through the eyes of Deaf teenagers highlighting their experiences of dealing with hearing people who project prejudice and intimidation towards them.

**“(ATOD shows) are a great way of raising awareness of difference and disability with excellence.”**

Teacher, Prince Alfred College, SA

## FUTURES

**FUTURES** tells the story of three students as they start their post HSC journey. It deals with the crossroads young people encounter when faced with life after school, legitimising the many different options and roads we can travel through life. Suitable for all levels in high school.

2009 is your last opportunity to see this production. It has been in ATOD’s repertoire since 2006.

## WORKSHOPS

The focus of ATOD’s workshops is on being clear and concise with our bodies. The aim is to free up the body to communicate using facial expressions, body language and hands.

The workshops are tailored to meet the needs of different age groups and open the world of non-verbal communication to students.

**Grades 7-12 Duration: 1 or more hours.  
Cost: \$150.00 per hour, Max number: 30 students.**
